

GROUND SAFETY RECOMMENDATION

CROSSING Taxiway MIL

Habit and high speed during the crossing taxiway "MIL" are the cause of MISS PRECEDENCES TO AA / MM and HELICOPTERS
Always pay close attention when you have to cross.

REMEMBER

	When the lights are off or flashing, it is MANDATORY TO STOP and look to the right and left
	ALWAYS INSURE that there are no A/C or helicopters in taxiing
	On the perimeter road there is a limit of 30 km / h perimeter

Be safe at all times!
