

## MILANO MALPENSA CONTINUES ITS RENOVATION

*With the opening of **Piazza del Gusto** the restyling of Milan Malpensa continues*

*Milan, 10 December 2014* – After Piazza del Lusso (Luxury Square), which opened last May, yesterday the new Piazza del Gusto (Taste Square) was opened at Malpensa, a space of over 2,200 sqm located in the departure area of Terminal 1.

New stores and new brands to provide passengers with a high quality commercial offer and create spaces that enhance the traveller's experience. Piazza del Gusto is another important implementation of the Malpensa airport expansion and renovation project and a further step closer to EXPO 2015, with the objective of offering travellers arriving in Milan for the event the comfort and style that characterise the city.

At the centre of the square the "FERRARI SPAZIO BOLLICINE - FERRARI BUBBLY SPACE" refreshment point stands out, a little over 60 sqm of attention to detail where everything has been designed for a break of authentic Italian quality: mosaics and large mirrors enhance the colourful display of ingredients that stand out on the black and white of the furniture. The menu, prepared by Chef Alfio Ghezzi, reinterprets the traditional regional cuisine in a modern and light manner: utmost attention to seasonality and choice of raw materials for gastronomic specialities that beautifully accompany the wines of the House.

Next to Spazio Ferrari is Caffè Milano, where it is the Milano Brand, with its red and white livery, which characterises the space, the Venchi store, historic Turin chocolate manufacturer which today produces and exports more than 350 types worldwide, and finally Briciole Bar, where every product is prepared daily with fresh and genuine ingredients.

In addition to these excellences of taste are the Furla, Moreschi, Pinko, Piquadro and Swatch stores, prestigious brands with ample and modern spaces.

The increased and renewed retail offer of Piazza del Gusto will be completed on December 10th with the opening of "Emozioni - Emotions", a 500 sqm delicatessen with a selection of the best domestic food & wine products.

Also Piazza del Lusso will have two new openings: by the end of the month the Damiani store while in January the Hugo Boss store will open.
